

Urgent Equipment Need

For Christian TV production in North Africa

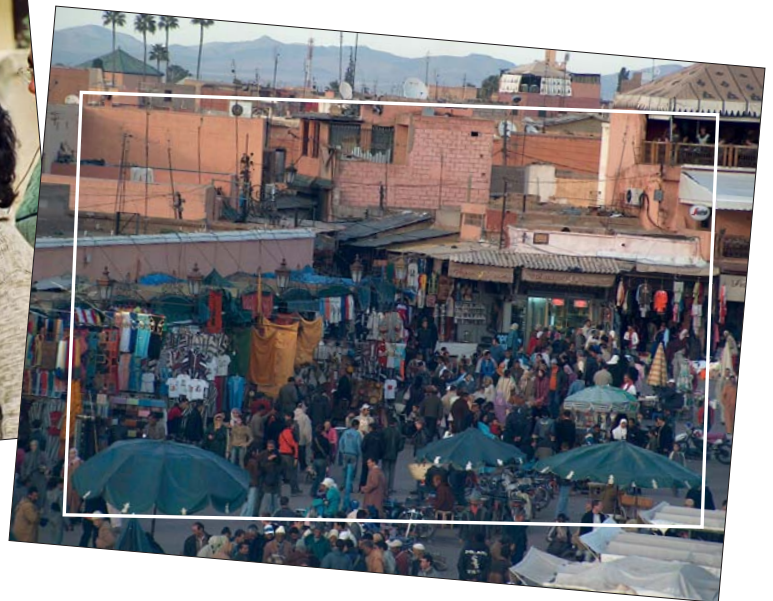

Small Camcorder

We have an urgent need for a small camcorder to record segments for our Moroccan Testimonies TV Project.

The camera will continue to be used after this production to film footage for other programs, and also serve as a longer term field camera in that country.

The small Sony HVR-A1E camera is ideal for these purposes. The total cost, including 2 spare batteries, a wide angle adaptor and carry bag, comes to **US \$3,600**.

Can you help provide for this urgent need to continue spreading the Gospel in Morocco? We look forward to hearing from you.

More info

For additional information on this need, or to find out how you can support other Arab Vision productions and projects, please write to us at contact@arabvision.org.
